WELCOME TO BALDWIN'S 2025 CATALOGUE

CELEBRATING 30 YEARS OF GROWING FOR YOU

HOURS FOR 2025:
OPEN APRIL-NOVEMBER
CHECK FACEBOOK FOR ANY HOLIDAYS OR CLOSURES

Welcome to our 2025 catalogue, celebrating 30 years as a family owned and operated nursery. Our success over these years is due to the support we have from our customers, both new and returning.

As always, we take pride in growing and selling top quality plants: perennials, shrubs, trees, fruit trees, natives, and more. All of them are sourced from other Canadian nurseries or grown from seed/cutting right here. **Everything is Canadian!**

We have several terrific collections of specialty plants including magnolias, native plants, deer-resistant plants, tree peonies and grasses. We are proud to have the largest inventory of native plants, from seedlings to large species, in our region.

HOW TO SEARCH THIS CATALOGUE

Whatever pdf program you're using (usually Adobe Acrobat or Acrobat Reader) there is a search option. Usually it's under the Edit Menu, or you can search using Command F in Apple, Ctrl/Command+F in Windows. Type in your item eg. Peony, & you'll have a variety of choices to go through.

In an effort to help you seek out specific types of plants, we list types of plants in categories, but in the case of general category of trees, shrubs, perennials, etc, we're alphabetizing them by common name (with Latin name included). We also are including lists of deer-resistant, shade, and native plants for your particular interest (or challenge).

OUR GUARANTEE

We guarantee our plants to be true to name and healthy when they leave our property, and for the current growing season only.

How you treat your new plants affects how well they do: after-care is especially important in their first season, both pre- and post-planting. Adequate watering, mulching and correct planting technique will help ensure success with your new leafy acquisitions. If you have any questions or concerns about your plant's care, please talk to us at the nursery or call or text ASAP. We are always happy to help with any advice on a solution to most problems!

Thank you again for your support over the years! Happy Growing,

Rob & Susan

Recent Introductions

Our catalogue is constantly changing, with new plants being trialed and less popular or hardy plants dropping out of inventory. With acres of trees, shrubs and perennials, including display gardens, we believe there is something for every gardener's tastes and every budget.

Shrubs

Cephalanthus 'Sugar Shack' button bush
Celtis occidentalis Hackberry
Ilex glabra: varieties Shamrock, Gembox, Strongbox
Itea virginica 'Little Henry'
Lindera benzoin
Myrica gale: sweetgale
Serviceberry: 'Autumn Brilliance'

Rhododendrons

Blue Baron
Capistrano
Dark Lord
Florence Parks
Goldprinz
Holden's Fuchsia
Holden's Pink Flare
Holden's Red

Azaleas

Girard's Fuchsia
Girard's Hotshot
Girard's Pleasant White
Hiro Crimson
Stewartstonia

Trees

Cornus kousa 'Akatsuki'
Quercus macrocarpa burr oak
Thuja plicata 'Green Giant'

New perennials: Natives

Anemone canadensis
Aquilegia canadensis, columbine
Arisaema triphyllum, Jack in the Pulpit
Asarum canadense, wild ginger
Asclepias tuberosa butterfly milkweed
Carex grayi Gray's Sedge (photo, below)
Deschampsia Goldtau: gold dew tufted hair grass
Hepatica: Liverwort
Monarda fistulosa: native bee balm (photo, above)
Polygonatum multiflorum, Solomon's Seal
Tiarella cordifolia Foamflower
Uvularia grandiflora Bellwort or Merrybells

Collections

Native plants

We are proud to carry a large collection of native plants, from shrubs and trees to perennials including grasses.

TREES AND SHRUBS

Mountain maple
Red maple
Striped maple
Sugar maple
Mountain ash
Black ash
Sumac (photo, top right)
Red, White and Black spruce
Balsam fir
Pine
Hemlock
White birch, Yellow birch
Beaked hazelnut
Black cherry
Witch Hazel
Pussy Willow
Service Berry
Canada Holly
Viburnum cassinoides (witherod)
Rhodora
Labrador Tea
Northern bayberry
Red Twig dogwood
Spiraea alba, white meadowsweet
Spiraea tomentosa, steeplebush
Rosa virginiana
Bunchberry
Highbush cranberry
Juniper
Bearberry
Native sweet pepperbush
Fothergilla
Elderberry
Daphne
Aronia (photo, far right, fruit)
Sweet Fern
Teaberry
Inkberry
GRASSES
Spartina

Marram
Blue dune grass
Karl Foerster
Bluestem
sweetgrass
cattail/rushes

FERNS

Christmas
Cinnamon
Ostrich
and others

PERENNIALS

Bloodroot
Hepatica
Marsh marigold
Blueflag Iris
Blue-eyed grass
Brown eyed Susan
Shasta daisy
Pearly everlasting
White and pink turtlehead, Chelone
New England aster
Lamb's ears
Ladies mantle
Echinacea pallida
Pasque flower, prairie crocus
Anemone
Cardinal flower
Water lobelia (photo, below left)
Vernonia, New York Ironweed

CONIFERS

These handsome trees and shrubs look good all year long, with some of them changing colour in fall and winter. They are excellent for increasing winter interest in your garden, or for forming the “bones” of a bed or landscape. They can be effective planted in groupings, or used as eye-catching specimen trees or shrubs planted as a focal point.

FIRS (ABIES)

Balsam fir, *Abies balsamea* Nana, Prostrata
Abies koreana; Korean firs, dwarf forms: Golden Glow, Kristallkugel
 Korean fir, *Abies koreana* Aurea, Silberfedder, Silverlock, Tundra
 Rocky Mountain fir, *Abies lasiocarpa*
Glauca Compacta

FALSE CYPRESS (CHAMAECYPARIS)

Chamaecyparis Glauca Blue Alaskan cypress, Pendula Weeping
 Dwarf hinoki cypress *Gracilis*, Nana
C.s obtusa Kosteri, *Tetragona Aurea*
C. pisifera, *Filifera* Threadleaf, golden threadleaf

EASTERN HEMLOCK

Tsuga canadensis, hemlock

JUNIPER

Juniperus chinensis Blaauw
J. communis native juniper, Gold Cone
J. horizontalis Wiltonii
procumbens Nana Japanese juniper
J. sq. Blue Star, Blue Rug, Icee Blue, Bar Harbor, Grey Owl, Calgary Carpet, Green Carpet
J. procumbens nana Japanese garden juniper

LARCH (LARIX)

Larix decidua, Pendula weeping larch, Horstman's Recurved
Larix kaempferi, Japanese larch, Dwarf Blue

SPRUCE (PICEA)

P. St. Mary's Broom
P. Nidiformis Birdnest spruce
P. Christina
P. White Spruce
P. Conica Dwarf Alberta Spruce
P. Skylands (golden spruce)
P. Glauca Globosa
P. Baby Blue Eyes
P. Procumbens
P. Pendula (weeping)

PINE (PINUS)

P. Extra Blue
P. Vanderwolfs Pyramid
 Compact Gem
 Mugo Pine
 Austrian Pine, *Hornbrookiana*
P. omorika Nana
P. strobus Blue Shag, Nana Sea Urchin
Pinus sylvestris Sentinal
P. thunbergii, Japanese Black Pine, Kotabuki Yatsubusa

OTHER CONIFERS

A selection of conifers that are one of a species or otherwise unusual.
 Dawn redwood, Gold Rush
Microbiota decussata, Russian cypress
Sciadopitys verticillata, Japanese Umbrella-pine
Taxus x Hicksii Hicks Yew
Thuja Emerald Smaragd
T. Nigra Black cedar
T. Sunkist cedar
Thujopsis dolobrata Japanese cypress

DWARF EVERGREENS

These compact evergreens are quite slow-growing; it can take 20 years or more for them to reach their full height or width. They rarely require any pruning, and you can have a quite a variety in a small yard.

C. obtusa Nana *Gracilis*
C. Tetragona Aurea
C. Graciosa
C. obtusa Nana *Gracilis* Aurea
C. Compacta
C. pisifera *Filifera* Nana

C. pisifera Filifera Nana Aurea
 J. procumbens Nana
 J. Blue Rug
 J. Blue Star
 J. Blauuw
 P. mariana Nana
 P. Nidiformis Birds nest spruce
 P. pungens Glauca Globosa and
 St. Mary's Broom
 P. glauca Conica dwarf Alberta
 spruce

BROADLEAF EVERGREENS

Along with the conifers, broadleaf evergreens help to form the bones of a garden bed or yardscape all year long, and especially in winter. Some broadleaves are grown for their flowers, others primarily for their foliage.

Berberis verruculosa, evergreen barberry
 Boxwood: Green Velvet, Green Mountain, Green Gem
 Ilex crenata (inkberry) SkyPencil
 Ilex Blue Princess & Blue Prince evergreen holly
 Yucca (Adam's Needle) regular & Colour Guard (variegated)

RHODODENDRONS AND AZALEAS

Rhododendrons and hardy (deciduous) azaleas do very well in acid, humus-rich but well-draining soil. We carry a wide range of varieties, from dwarf size to large shrubs. Do check out the annual display at the Kentville Agriculture Station in late May-early June.

LEPIDOTE (SMALL LEAVED)

Landmark (fuchsia)
 Olga Mezitt
 PJM Elite (pink blooms, red foliage)

Ramapo (purple)

ELEPIDOTE (LARGE LEAVED)

Boule de Neige
 Blue Baron
 Capistrano (yellow)
 Catawbiense Album (white)
 Dark Lord
 Florence Parks
 Goldprinz
 Holden's Fuchsia
 Holden's Pink Flare
 Holden's Red
 Nova Zembla (fuchsia-red)
 Olga Mezitt
 Percy Wiseman (yellow/pink)
 Purple Passion (purple)
 Roseum Elegans

WITH INDUMENTUM

Ken Janeck, Kodiak

AZALEAS

Unless noted, our azaleas are all deciduous varieties.
 Cannon's Double (double cream/ pink)
 Girard's Fuchsia
 Girard's Hotshot
 Girard's Pleasant White
 Hiro Crimson
 Lights series: Mandarin Lights (orange) Northern Hi-Lights (white w. yellow marks), Rosy Lights (pink), White Lights (white)
 Millenium (red)
 Stewartstonia

JAPANESE MAPLES

Japanese maples can be diva-like in our garden, but they are so worth nurturing. Make sure you give yours adequate winter protection from wind, & excessive snow cover that can cause limb breakage. Our varieties include the following:

Bloodgood; hardiest variety, deep red
 Emperor: mid-sized, hardy,

rich red foliage.

Inaba Shidare: lacy burgundy leaves throughout summer turning brilliant crimson in fall

Seiryu Upright cutleaf Japanese maple

Shishigashira Heavily curled green leaves Foliage becomes purple-red with orange-red patterns in autumn

Sango Kaku Coral bark maple: lime green foliage which emerges coral-pink in spring gorgeous coral coloured twigs

Viridis weeping green leaf

MAGNOLIAS

Many magnolias grow very well in Atlantic Canada. As with any plant, choose the right size magnolia for your growing conditions. Some are compact and ideal for city yards, while others can grow to be commanding trees.

Black Tulip: deep purple cup shaped flowers

Butterflies: Quintessential yellow favourite

Felix: Massive, fragrant purple-pink flowers

Galaxy: elegant pyramid form, dark pink flowers

Gold Star: Another yellow variety

Liliflora Nigra: spreading, shrublike, dark purple red blooms

M. loeblerii

M. macrophylla Ashei: huge leaves and white flowers

Tinkerbelle:

M. tripetella: Umbrella magnolia

Leonard Messel: early blooming frost resistant, bicolour flowers

Ann, Betty and Susan from the Sisters series

Rustica Rubra: purple pink flowers on large shrub (photo)

M. Yellow Bird: One of the best yellow magnolias

Magnolia soulangiana: saucer magnolia, pinkish white flowers

DOGWOODS

The dogwood family includes a number of hardy native shrubs that are popular as shrubs for providing food for wild-life, especially birds, or for showy, colourful twigs in winter.

Then there are the showoffs—the *Cornus kousa* dogwoods with their long-blooming, very showy flowers.

Cornus alba elegantissima variegated dogwood Ivory Halo

Cornus sericea, red-twig dogwood; *Flaviramea*, yellow-twigged;

Arctic Fire

Cornus kousa Milky Way

Cornus kousa Scarlet Fire

Cornus x Venus

Cornus mas Cornelian Cherry

Cornus kousa x chinensis

Satomi popular pink flowered form

Snow Tower: Columnar form, fall colour, large white flowers

Summer Fun: pink margins on new growth, bicolour foliage; white flowers, excellent red orange fall colour

Rosy Teacups: very pink flower, darker edges, red fall foliage

Scarlet Fire: rich deep pink flowers, good disease resistance, drought tolerant

REDBUDS

Native to North America, these handsome trees flower in the early spring, then leaf out with gorgeous heart-shaped foliage.

There are numerous cultivars available, including several with rich purple foliage. We carry:
 Cercis native form, Ruby Falls, Lavender Twist, Forest Pansy

SHRUBS

Shrubs and trees are excellent choices for gardeners wanting low-maintenance plants for their properties. At Baldwin's you'll find native species along with some of the latest and hardiest of cultivars.

HYDRANGEAS

There are so many different types of hydrangeas that it can be very confusing for the new gardener. The varieties we carry are proven to do well in our climate. Of these, only two are pH sensitive so there may be some variation in flower colour.

CLIMBING HYDRANGEA: White lacey flowers festoon this glossy-leaved climber

ANNABELLE TYPE HYDRANGEAS (no colour change, very hardy): Incrediball, (white) Invincibelle Spirit Ruby (rose pink), Mini Mauvette (pink, dwarf)

LACECAP (pH sensitive): Endless Summer Twist & Shout, Blue Billows, Tuff Stuff

MOPHEAD VARIETIES: Endless Summer Original, Let's Dance Rhythm and Blues, Endless Summer Blushing Bride

PEE GEE TYPES: (conical flower heads, good for drying) Bobo, Limelight, Little Lime, Firelight, Vanilla Strawberry, Quick Fire

Climbing hydrangea: White lacey flowers festoon this glossy-leaved climber.

VIBURNUMS

As with the dogwoods, Viburnums include some sturdy native varieties notable for their fruit, loved by wildlife and birds, and for their great fall colour. There are also more exotic showy-flowered and/or highly fragrant viburnum varieties. We

carry a few of each.

V. cassinoides Wild grape, witherod

V. trilobum, Highbush cranberry

V. tomentosum Mariesii doublefile viburnum

Viburnum x carlcephalum (very fragrant)

WITCH HAZELS

Arnold Promise (spring blooming)

Hamamelis virginiana (fall blooming, native)

OTHER SHRUBS

Berberis Aurea Nana barberry

B. thunbergii Rose Glow

B. thunbergii Concorde

Canada holly (Ilex verticillata): Southern Gentleman, Winter Red

Clethra: Sixteen Candles, Ruby Spice

Cranberry Cotoneaster

Disanthus cercidifolium

Hardy Hibiscus Minerva, Red Heart Woodbridge Aphrodite and Blue Bird.

Rosa virginiana

Large flowered hibiscus: Starry Starry Night

Summer Kerria (double form)

Lilac: Bloomerang Purple (reblooms), Miss Kim dwarf Korean, French Ludwig Spaethe, Mme. Lemoine, Sensation

Ninebark, Diabolo

Quince: Texas Scarlet

Redbud: Forest Pansy, Red Falls, Lavender Twist

Rhodora, wild purple rhodo

Smoke Bush, (Cotinus) Grace

Mock orange Minnesota

Snowflake

Sambucus Lemony Lace

Tamarix, salt cedar Pink Cascade

Snowberry, Pinky Promise

Sweet Fern (Comptonia)

Tulip Tree (Liriodendron)

Weigela Wine and Roses, variegata

White Fringe Tree (Chionanthus virginicus)

Willow, Nishiki (dappled)

HARDWOOD TREES

What's a garden without a few stately trees? If you're impatient to have big trees in your landscape right away, we do have some larger-sized trees, as well as several fast-growing species. Living on a small property, or worried about power lines? We have large shrubs/small trees for most situations.

American hazelnut

American hop hornbeam (Ostrya)

American mountain ash

Aesculus glabra, Ohio buckeye

Beech, purple Riversii, Purpurea

Birch, yellow

Birch, paper

Betula utilis var. jacquemontii

Black walnut

Buckeye, red

Catalpa

CERCIS CANADENSIS Forest Pansy, Lavender Twist, Ruby Falls, native species

FLOWERING CRAB: Makamik, Tina (Standard) Red Jade, Red Baron, Dolgo, Royal Beauty

Ginkgo (photo, fall colour)

Golden weeping willow

Kentucky coffee tree Gymnocladus dioica

Liquidamber, sweet gum, Slender Silhouette

Nyssa sylvatica, Tupelo, black gum

Japanese silk lilac Ivory Silk

Juglans cinerea, Butternut

Stewartia pseudocamellia

Highbush blueberries

PEAR: Bartlett, Clapp

PEACH: Reliant

Plum: Stanley (self fertile)

Linden, **Very important pollinator tree

T. americana American basswood

Tilia americana Redmond

linden

Weeping pea shrub (Caragana Walkers)

MAPLES (ACER)

Acer platanoides, Princeton Gold

Paperbark Maple

Harlequin Maple

Royal Red Maple

Native Red maple

Native Sugar maple

FRUIT TREES & SHRUBS

We carry a number of fruit trees and berry shrubs suited for most Maritime gardens. Please check with our knowledgeable staff to confirm whether you need a second variety or plant for cross-pollinating purposes. APPLE TREES: Ambrosia, Baldwin, Cortland, Empire, Gala, Golden Russet, Gravenstein, Honeycrisp, Ida Red, Macintosh

VINES

Clematis Jackmanii
Clematis Ville de Lyon
Clematis virginiana, Virgin's
Bower (N)
Hydrangea climbing
Wisteria sinensis Blue Moon,
Amethyst falls

PERENNIALS

We choose our perennials to
provide a maximum amount
of bloom time throughout the
season, some for sun, others for
shade, to attract pollinators,
(and hopefully not deer).

Actaea, (snakeroot, cohosh)
Atropurpurea, Brunette, Hillside
Black Beauty
Agastache (hummingbird mint),
Blue Fortune (native)
Allium Millenium
Anemone, fall, Honorine Jobert,
Queen Charlotte, Whirlwind
Aralia Sun King
Asclepias incarnata, tuberosa
Arum european
Astilbe: White, Peach Blossom,
Fanal
Aster: Jenny, Kristina, Woods
Blue, Woods Purple, Purple
Dome
Astrantia Masterwort: Star of
Beauty, Star of Fire
Baptisia Moonlight, Prairie Blues
Bee Balm, Raspberry Wine,
Jacob Cline, Petite Delight
Native monarda fistulosa
Bleeding heart King of Hearts,
Gold Hearts
Brunnera, Alexander's Great
Carex: Blue Zinger, Evergold,
Ice Dance, Native Caryx pensyl-
vanica
Catmint, (Nepeta) Walker's Low
ECHINACEA (CONEFLOWERS)
Cheyenne Spirit, Green Twister,
Mellow Yellow, Orange Passion,
Tomato Soup, White Swan, Hot
Papaya, purple coneflower

Echinacea pallida, pale coneflower
Chameleon plant (Houttuynia)
Coreopsis Moonbeam, Uptick
Red and Yellow
Crocsmia, Lucifer
Culver's Root (Veronicastrum)
Fascination, Album
Delphinium Aurora Blue, Deep
Purple, White
Doronicum, Leopard's Bane
Leonarda
Echinops, globe tyistle Veitch's
Blue
Foxgloves (Digitalis), various
colours
Gaillardia Arizona Sun, Burgundy,
Goblin
Gallium odoratum, sweet wood-
ruff
Geranium hardy cranesbill,
Rozanne, Johnson's Blue
Gentiana Bella Alpinella summer
gentian
Hellebore niger; H. Ballard Strain
Helen's Flower (Helenium) Mo-
erheim Beauty, Ruby Tuesday
Double Trouble, Sahin's Early
Heliopsis Loraine Sunshine
Heuchera: (coral bells) Plum Pud-
ding, Purple Palace
HOSTAS: Patriot, Sir Francis
Williams, Sum and Substance,
Guacamole, Elegans (large blue),
Dwarf Mouse Ears
Iris versicolour (blue flag) (native)
Iris pallida Versicolour (bicolour
foliage, very fragrant)
Ironweed, Vernonia (native)
Joe-Pye plant (Eupatorium) Baby
Joe
Korean yellow waxy-bells (Kiren-
goshoma)
Lavender Munstead
Liatris Kobold, Spicata, Floristan
Lily of the Valley, (Convallaria)
double
Lily of the Valley, pink
Marsh marigold
Masterwort, Star of Beauty
Monkshood, fall Arendsii, Na-
pellus
Peony, Itoh, Bartzella

Phlox, creeping: atropurpurea, Emerald Blue, Red Wing, Snowflake, Purple Beauty
 Pinks, various types
 Phlox, tall David, Blue Paradise, Sherbet
 Poppy, oriental, Harvest Moon
 Pulsatilla: Pasque flower, prairie crocus, red, pink, white
 Queen of the Prairie (Filipendula) Venusta, Red Umbrellas
 Red Hot Poker (Knifophia) Fire Dance, Nancy's Red
 Rodgersia Fireworks, Cherry Blush, Bronze Peacock
 Rudbeckia, Goldstrum
 Russian Sage (Perovskia) Little Spire
 Sea Holly, Blue Hobbit
 Sedum Autumn Joy
 Sedum Angelina
 Solomon's seal, (Polygonatum) variegated, giant
 Stachys Hummelo
 Trillium, yellow and white
 Veronica (speedwell) Red Fox, Royal Candles First Love
 Vernonia (New York Ironweed, Native)

HELLEBORES

These early bloomers do best in partial shade to full sun in humus rich, moist, but well-draining soil. Because some form their buds in early winter and will bloom in late winter to very early spring, it's a good idea to mulch them after a hard frost, to protect them from freezing and thawing. Varieties may include: Double Ellen Red, White, Niger, Ballard Strain, Blue Lady, Red Lady

FERNS

Athyrium Lady in Red Japanese painted fern
 Athyrium metallicum Japanese painted fern
 Athyrium Ghost painted fern
 Dryopteris Woodfern (native)
 Matteucia Ostrich fern (native)
 Onoclea sensibilis Sensitive Fern

Osmunda cinnamomea Cinnamon fern (native)
 Polystichum acrostichoides Christmas fern (native)

TREE PEONIES

These beautiful plants produce a show-stopping display of massive flowers every spring, in rich colours. Winter protection is recommended for the first couple of years while the plants are establishing themselves.

Hana Kisoi: semidouble, shell pink blooms

High Noon: Yellow, double

Kamata-nishiki: light purple

Kaow: rosy red double, yellow stamens visible

Kinkaku: double yellow with orange-red on edge of petals

Kinshi: enormous double yellow flowers

Kokuryu nishiki: rich red (Black Dragon Brocade)

Renkaku: semi double white

Rimpoh: rich semi double red

Shimodaijin purple-pink

Shima-nishiki red/white variegation

GRASSES

Ornamental grasses may not look like much in the spring, when they are clumps of brownish grey stubble. But by midsummer you'll have fountains of handsome foliage, and some flowers on early-season varieties. Fall and winter is when some varieties, like the miscanthus and panic grasses, come into their own, as they provide terrific winter interest. Try planting grasses out with dwarf and regular sized evergreens for a fantastic display of colour and texture throughout the gardening year.

There are grasses for pretty much every growing condition.

NOTE: The few spreaders we sell are for groundcovers, bank stabilizing, and other places where strong roots and spreading growth habit is needed.

Ammophila arenaria marram grass

Calamagrostis Overdam feather reed grass
 Calamagrostis Karl Foerster
 Chasmanthium River Mist
 Elymus Wild Rye (N)
 Glyceria maxima Variagata Semi aquatic mannagrass
 Hakonechloa All Gold
 Hakonechloa Aureola
 Helictotrichon sempervirens blue sapphire grass
 Imperata cylindrica Japanese blood grass Red Baron
 Leymus arenarius Blue Lyme Grass
 Miscanthus: Huron Star; Morning Light; Little Zebra; Stric-
 tus Porcupine grass
 Miscanthus giganteus; Lottum
 Miscanthus purpureus Purple Flame grass
 PANICUM VIRGATUM, SWITCHGRASS/PANICGRASS varieties:
 Heavy Metal; Dallas Blues; Rotstrahlbusch; Prairie Sky
 Shenandoah; Thundercloud
 Pennisetum (fountain grass) Hameln Dwarf Fountain Little
 Bunny, Karley Rose, Redhead
 Schizachyrium Little Bluestem (native)
 Spartina pectinata
 Fargesia dracocephala Green Panda Bamboo

DEER RESISTANT PLANTS

While many plants may be deer resistant, they are not deer PROOF (unless grown indoors). Often plants with fuzzy foliage, or fragrant/pungent foliage, tend to deter those looking for buffet snacks. Bear in mind a hungry deer will try anything once, even if it's not meant to be palatable to them. One way to deter them is to plant selections like these in front of more tempting varieties. Some good choices include:

Anemones
 Astilbes
 Baptisia
 Barberry
 Bee balm
 Bleeding heart
 Brown-eyed Susan
 Boxwood
 Columbine
 Conifers (most)
 Coreopsis
 Cotoneaster
 Cranesbills (hardy Geranium)
 Culver's Root (Veronicastrum)
 Daphne
 Delphinium
 Ferns
 Foxgloves
 Ornamental Grasses
 Hellebores

Iris
 Joe-pye plant
 Northern Bayberry
 Lavender and other herbs
 Lilac
 Lily of the Valley
 Monkshood
 Ornamental grasses
 Peonies and tree peonies
 Pinks
 Poppies
 Prairie Crocus
 Queen of the Prairie
 Red hot poker
 Russian Sage
 Sambucus (elderberry)
 Sea holly
 Yarrow

We also offer

Seaboost fertilizers & Irish moss

Cast Art Cement garden art

Compost & bark mulch

Gift certificates
