

BALDWIN'S NURSERIES

2023 CATALOGUE

500 MINES ROAD, FALMOUTH, NS
OPEN FROM APRIL 11-NOV 15
902-799-9737 OR 902-798-9468

WELCOME TO BALDWIN'S 2023 CATALOGUE

CELEBRATING 28 YEARS OF GROWING FOR YOU

HOURS FOR 2023:

APRIL 15-JUNE 30: EVERY DAY, 9-5

JULY 1-SEPT 30: CLOSED MONDAYS

OCT 1-NOV 15: CLOSED MON-TUES

As always, we take pride in growing and selling top quality plants: perennials, shrubs, trees, fruit trees, natives, and more.

We have several terrific collections of specialty plants including magnolias, native plants, deer-resistant plants, tree peonies and grasses. We are proud to have the largest inventory of native plants, from seedlings to large species, in our region.

HOW TO SEARCH THIS CATALOGUE

Whatever pdf program you're using (usually Adobe Acrobat or Acrobat Reader) there is a search option. Usually it's under the Edit Menu, or you can search using Command F in Apple, Ctrl/Command+F in Windows. Type in your item eg. Peony, & you'll have a variety of choices to go through.

In an effort to help you seek out specific types of plants, we list types of plants in categories, but in the case of general category of trees, shrubs, perennials, etc, we're alphabetizing them by common name (with Latin name included). We also are including lists of deer-resistant, shade, and native plants for your particular interest (or challenge).

OUR GUARANTEE

We guarantee our plants to be true to name and healthy when they leave our property. The success of your plant is up to you and the aftercare you provide.

How you treat your new plants affects how well they do: after-care is especially important in their first season, both pre- and post-planting. Adequate watering, mulching and correct planting technique is your responsibility. Unforeseen weather patterns or neglect once the plants leave our property are beyond our control and will not be covered under our guarantee.

If you have any questions or concerns about your plant's care, please call us ASAP. We are always happy to help with any advice on a solution to most problems!

Recent Introductions

Our catalogue is constantly changing, with new plants being trialed and less popular or hardy plants dropping out of inventory. With acres of trees, shrubs and perennials, including display gardens, there is something for every taste and every budget. A few new plants to look for this year:

TREES AND SHRUBS

Halesia, Carolina Silverbells

Juniper: Japanese garden juniper

Horizontalis Blue Rug, Icee Blue, Bar Harbor, Blue Star, Blauu, Grey Owl, Calgary Carpet, Green Carpet

Rhodos: Vulcan's Flame, Cherry Cheesecake

Rhodos with indumentum: Teddy Bear, Kodiak

Cercis canadensis native redbud

Cytiscus, broom: Sister Disco, Sister Redhead, Sister Goldenhair

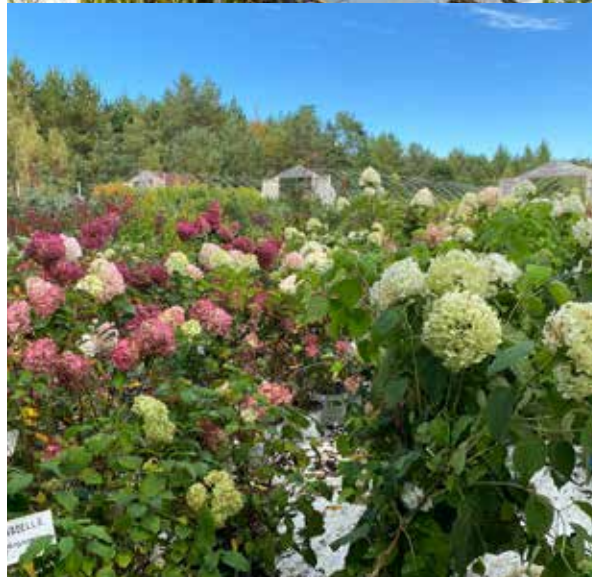

CORNUS CHINESIS: Satomi, Wolf Eyes, Snow Tower, Summer Fun, Rosy Teacups, Scarlet Fire, Blue Ray, Venus

FLOWERING CRAB:

Makamik, Tina (Standard) Red Jade, Red Baron, Polgo, Indian Magic, Royal Beauty

LARGE FLOWERED HIBISCUS, Summerific series: Berry Awesome, Cherrly Chocolate, Dark Mystery, French Fanilla, Holy Grail, Mars Madness, Midnight Marvel, Starry Starry Night, Summer Carnival

MAGNOLIA: Tripetella, Gold Star, Tinkerbelle, Felix, Braken Brown Beauty, Betty, Susan, Soulangeana, Yellow Bird Butterflies, Galaxy, Loeblerii, Star, Leonard Messel, Black Tulip, Tripetela, Siboldii, Rustica Rubra, Liliflora Nigra, Felix

Quercus macrocarpa bur oak
Q. palustris Green Pillar oak
Symphoricarpos Pinky Promise
Stewartia pseudocamilla
Wisteria Amethyst Falls

PERENNIALS

Aconitum: Arendsii, Napellus
Actaea atropurpurea: Brunette, Hillside Black Beauty
Allium Millenium
Amsonia Blue Ice
Anemone Whirlwind
Aster Woods Purple, Purple Dome
Astilbe Ostrich Plume
Astrantia, masterwort: Star of Billions, Star of Fire
Campanula, bellflower: Blue Clips, Rapido Blue, Blue Waterfall
Carex: Blue Zinger, Evergold, Ice Dance, Native Caryx pensylvanica
Chelone, Turtlehead
Coreopsis Uptick Red & Yellow
Delphinium Aurora Blue, White, Deep Purple
Doronicum, Leonarda
Echinops (globe thistle) Veitch's Blue
Filipendula Red Umbrellas
Helenium, (Helen's Flower) Moerheim Beauty, Sahin's Early
Liatris (Blazing star) Floristan, Kobold, Spicata,
Lupins, Gallery Red and Yellow
Monarda, bee balm: Jacob Cline
Papaver Orientale, Harvest Moon
Phlox Blue Paradise, David, Starfire
Pulmonaria Majeste, Trevi Fountain
Pulsatilla Alba, Rubra, Violet
Rogersia Bronze Peacock
Sanguinaria, bloodroot
Salvia Blue Hill, Blue Marvel
Tradescantia, spiderwort: Concorde
Grape, Sweet Kate
Veronica, speedwell: Red Fox, Royal Candles, First Love
Veronicastrum, Culver's root: Album, Fascination
CLEMATIS: Bees Jubilee, Jackmannii, Rouge Cardinal, Ville de Lyon, Vancouver Starry nights
Beech: Purple Fountain, Red Obelisk

NATIVE PLANTS

We are proud to carry a large collection of native plants, from shrubs and trees to perennials including grasses.

TREES AND SHRUBS

Mountain maple
Red maple
Striped maple
Sugar maple
Mountain ash
Black ash
Sumac
Red, White and Black spruce
Balsam fir
Pine
Hemlock
White birch
Yellow birch
Beaked hazelnut
Black cherry
Witch Hazel
Pussy Willow
Service Berry
Canada Holly
Viburnum cassinoides (witherod)
Rhodora
Labrador Tea
Bayberry
Red Twig dogwood
Rosa virginiana
Rosa rugosa
Bunchberry
Highbush cranberry
Juniper
Bearberry
Sweet pepperbush
Fothergilla
Elderberry
Daphne
Aronia
Sweet Fern
Teaberry
Inkberry

GRASSES

Spartina
Marram

Blue dune grass
Karl Foerster
Bluestem, sweetgrass
cattail/rushes

FERNS

Christmas
Cinnamon
Ostrich
and others

PERENNIALS

Bloodroot
Hepatica
Marsh marigold
Blueflag Iris
Blue-eyed grass
Brown eyed Susan
Shasta daisy
Pearly everlasting
White and pink turtlehead
New England aster
Lamb's Ears
Mullein
Ladies Mantle
Echinacea pallida
Pasque flower, prairie crocus
Anemone
Cardinal flower

CONIFERS

These handsome trees and shrubs look good all year long, with some of them changing colour in fall and winter. They are excellent for increasing winter interest in your garden, or for forming the “bones” of a bed or landscape. They can be effective planted in groupings, or used as eye-catching specimen trees or shrubs planted as a focal point.

FIRS (ABIES)

Balsam fir, *Abies balsamea* Nana, Prostrata

Abies koreana; Korean firs, dwarf forms: Golden Glow, Kohout's Ice Breaker, Kristallkugel

Korean fir, *Abies koreana* Aurea, Silberfedder, Silverlock, Tundra

Rocky Mountain fir, *Abies lasiocarpa* Glauca Compacta

FALSE CYPRESS (CHAMAECYPARIS)

Chamaecyparis Glauca Blue Alaskan cypress, Pendula Weeping

Dwarf hinoki cypress *Gracilis*, Nana *C.s. obtusa* Kosteri, *Tetragona Aurea* *C. pisifera*, *Filifera* Threadleaf, *Filifera Aurea* golden threadleaf

EASTERN HEMLOCK

Tsuga canadensis, hemlock regular, and Pendula, weeping hemlock

JUNIPER

Juniperus chinensis Blaauw

J. communis native juniper, Gold Cone

J. horizontalis Wiltonii

procumbens Nana Japanese juniper *J.sq.* Blue Star, Blue Rug, Icee Blue, Bar Harbor, Grey Owl, Calgary Carpet, Green Carpet

J. procumbens nana Japanese garden juniper

LARCH (LARIX)

Larix decidua, Pendula weeping larch, Horstman's Recurved

Larix kaempferi, Japanese larch, Dwarf Blue

SPRUCE (PICEA)

P. St. Mary's Broom

P. Nidiformis Birdnest spruce

P. Christina

P. White Spruce

P. Conica Dwarf Alberta Spruce

P. Skylands (golden spruce)

P. Glauca Globosa

P. Baby Blue Eyes

P. Procumbens

P. Pendula (weeping)

PINE (PINUS)

P. cembra Swiss Pine *Glauca*

P. Extra Blue

P. Vanderwolfs Pyramid

P. Oculus Dragonis Dragon's Eye Compact Gem

Mugo Pine

Austrian Pine, Hornbrookiana

P. omorika Nana

P. trobus Blue Shag, Nana Sea Urchin

Pinus sylvestris Sentinal

P. thunbergii, Japanese Black Pine, Kotabuki Yatsubusa

OTHER CONIFERS

A selection of conifers that are one of a species or otherwise unusual.

Dawn redwood, Gold Rush

Microbiota decussata, Russian cypress

Sciadopitys verticillata, Japanese

Umbrella-pine

Taxodium Falling Waters

Taxus x Hicksii Hicks Yew

Thuja Emerald Smaragd

T. Nigra Black cedar

T. Sunkist cedar

Thujopsis dolobrata Japanese cypress

DWARF EVERGREENS

Do you have a small yard, or limited mobility, but still want to enjoy a variety of shrubs? Try dwarf evergreens. The dandy thing about them is they are compact, and even if not truly dwarf, quite slow-growing; it can take 20 years or more for them to reach their full height or width. They rarely require any pruning, and you can have a quite a variety in a small, city-sized yard.

C. obtusa Nana
 Gracilis
 C. Tetragona
 Aurea
 C. Graciosa
 C. obtusa Nana
 Gracilis Aurea
 C. Compacta
 C. pisifera Filifera Nana
 C. pisifera Filifera Nana Aurea
 J. procumbens Nana
 J. Blue Rug
 J. Blue Star
 J. Blauuw
 P. mariana Nana
 P. Nidiformis Birds nest spruce
 P. pungens Glauca Globosa and
 St. Mary's Broom
 P. glauca Conica dwarf Alberta
 spruce

BROADLEAF EVERGREENS

Along with the conifers, broadleaf evergreens help to form the bones of a garden bed or yardscape all year long, and especially in winter. Some broadleaves are grown for their flowers, others primarily for their foliage.

Berberis verruculosa, evergreen
 barberry
 Boxwood: Green Velvet, Green
 Mountain, Green Gem
 Euonymous: Emerald Gaiety,
 Moonshadow, Emerald & Gold,
 Sarcocoe
 Ilex crenata (inkberry) SkyPencil
 Ilex Blue Princess & Blue Prince
 evergreen holly
 Pieris: Katsura, Mountain Fire,
 Prelude
 Yucca (Adam's Needle) reguar &
 Colour Guard (variegated)

RHODODENDRONS AND

AZALEAS

Rhododendrons and hardy (deciduous) azaleas do very

well in acid, humus-rich but well-draining soil. We carry a wide range of varieties, from dwarf size to large shrubs. Do check out the annual display at the Kentville Agriculture Station in late May-early June.

LEPIDOTE (SMALL LEAVED)

Landmark (fuchsia)
 Olga Mezitt
 PJM Elite (pink blooms, red
 foliage)
 Ramapo (purple)

ELEPIDOTE (LARGE LEAVED)

Boule de Neige
 Blue Baron
 Capistrano (yellow)
 Catawbiense Album (white)
 Kodiak
 Nova Zembla (fuchsia-red)
 Olga Mezitt
 Percy Wiseman (yellow/pink)
 Purple Passion (purple)
 Roseum Elegans

WITH INDUMENTUM

Crete, Ken Janeck, Teddy
 Bear, Kodiak

AZALEAS

Unless noted, our azaleas are all deciduous varieties.

Cannon's Double (double
 cream/ pink)
 Millenium (red)
 Lights series: Mandarin Lights
 (orange) Northern Hi-Lights
 (white w. yellow marks), Rosy
 Lights (pink), White Lights
 (white)

JAPANESE MAPLES

Japanese maples can be diva-like in our garden, but they are so worth nurturing. Make sure you give yours adequate winter protection from wind, & excessive snow cover that can cause limb breakage. Our varieties include the following:

Ao shime no uchi shidare: lovely bright green with slender thread-like leaves

Bloodgood; hardiest variety, deep red

Emperor: mid-sized, hardy, rich red foliage.

Hubbs Red Willow; Long, narrow, wine-red foliage

Inaba Shidare: lacy burgundy leaves throughout summer turning brilliant crimson in fall; Weeping habit

Osakasuki; fast growing, most brilliant fall colour

Purple Ghost :Deep purple-red spring foliage has prominent black veins

Red Pygmy: very fine leaves, great fall colour

Seiryu Upright cutleaf Japanese maple

Shishigashira Heavily curled green leaves Foliage becomes purple-red with orange-red patterns in autumn

Shirasawanum Moonrise red foliage in spring, turns lime green in summer, red-orange autumn colour

Sango Kaku Coral bark maple: lime green foliage which emerges coral-pink in spring gorgeous coral coloured twigs

Trompenberg;maroon foliage, emerging foliage looks like dragon's feet.

Viridis weeping green leaf

MAGNOLIAS

Many magnolias grow very well in Atlantic Canada. As with any plant, choose the right size magnolia for your growing conditions. Some are compact and ideal for city yards, while others can grow to be commanding trees.

Bracken's Brown Beauty: rusty brown foliage undersides,

fragrant creamy flowers

Black Tulip: deep purple cup shaped flowers

Butterflies: Quintessential yellow favourite

Felix: Massive, fragrant purple-pink flowers

Galaxy: elegant pyramid form, dark pink flowers

Gold Star: Another yellow variety

Liliflora Nigra: spreading, shrublike, dark purple red blooms

M. loeblerii

M. macrophylla Ashei: huge leaves and white flowers

Tinkerbelle:

M. tripetella: Umbrella magnolia

Leonard Messel: early blooming frost resistant, bicolour flowers

Ann, Betty and Susan from the Sisters series

Rustica Rubra: purple pink flowers on large shrub (photo)

M. Yellow Bird: One of the best yellow magnolias

Magnolia sieboldii: later blooming, pure white flowers

Magnolia soulangiana: saucer magnolia, pinkish white flowers

DOGWOODS

The dogwood family includes a number of hardy native shrubs that are popular as shrubs for providing food for wildlife, especially birds, or for showy, colourful twigs in winter.

Then there are the showoffs—the Cornus kousa dogwoods with their long-blooming, very showy flowers.

Cornus alba elegantissima variegated dogwood Ivory Halo
 Cornus controversa Wedding Cake Tree
 Cornus sericea, red-twig dogwood; Flaviramea, yellow-twigged; Arctic Fire
 Cornus kousa Milky Way
 Cornus kousa Scarlet Fire Cornus kousa Radiant Rose
 Cornus x Venus

Cornus mas Cornelian Cherry

Cornus kousa x chinensis:

Blue Ray: blue green foliage, white flowers

Satomi popular pink flowered form

Snow Tower: Columnar form, good fall colour, large white flowers

Summer Fun: pink margins on new growth, bicolour foliage; white flowers, excellent red orange fall colour

Rosy Teacups: very pink flowers with darker edges, red fall foliage

Scarlet Fire: rich deep pink flowers, good disease resistance, drought tolerant

Wolf Eyes: bicolour foliage with white flowers

REDBUDS

Native to North America, these handsome trees flower in the early spring, then leaf out with gorgeous heart-shaped foliage. There are numerous cultivars available, including several with rich purple foliage. We carry:

Cercis native form, Ruby Falls, Lavender Twist, Forest Pansy

SPECIAL COLLECTIONS: SHRUBS

Shrubs and trees are excellent choices for gardeners wanting low-maintenance plants for their properties. At Baldwin's you'll find native species along with some of the latest and hardest of cultivars.

BARBERRIES

Berberis Aurea Nana barberry

B. thunbergii Rose Glow

B. thunbergii Concorde

HYDRANGEAS

There are so many different types of hydrangeas that it can be very confusing for the new gardener. The varieties we carry are proven to do well in our climate. Of these, only two are pH sensitive so there may be some variation in flower colour.

CLIMBING HYDRANGEA: White lacey flowers festoon this glossy-leafed climber

ANNABELLE TYPE HYDRANGEAS (no colour change, very hardy): Incrediball, (white) Invincibelle Spirit Ruby (rose pink), Mini Mauvette (pink, dwarf)

LACECAP (pH sensitive): Endless Summer Twist & Shout, Blue Billows, Tuff Stuff

MOPHEAD VARIETIES: Endless Summer Original, Let's Dance Rhythm and Blues, Endless Summer Blushing Bride

PEE GEE TYPES: (conical flower heads, good for drying)

Bobo, Limelight, Little Lime, Firelight, Vanilla Strawberry, Quick Fire
 Climbing hydrangea: White lacey flowers festoon this glossy-leaved climber.
 Roses: Rugosa, white or pink, virginiana

VIBURNUMS

As with the dogwoods, Viburnums include some sturdy native varieties notable for their fruit, loved by wildlife and birds, and for their great fall colour. There are also more exotic, showy-flowered and/or highly fragrant viburnum varieties. We carry a few of each.

V. cassinoides Wild grape, witherod
V. trilobum, Highbush cranberry
V. tomentosum Mariesii doublefile viburnum
Viburnum x carlcephalum (very fragrant)

WITCH HAZELS

Along with the native, fall-blooming witch hazel, we carry a selection of the Intermedia hybrids, which bloom as early as mid winter and continue into spring. A good selection of these are planted out in the town of Wolfville. Some have great fragrance to add to their charm, and most have very good fall colour. We carry:

Hamamelis x Diane, Jelena
Hamamelis virginiana (fall blooming)

OTHER SHRUBS & TREES

Canada holly (*Ilex verticillata*):
 Southern Gentleman, Winter Red
 Clethra Sixteen Candles, Ruby Spice

Cranberry Cotoneaster
 Disanthus cercidifolium
 Hardy Hibiscus Minerva, Red Heart Woodbridge Aphrodite and Blue Bird.

LARGE FLOWERED HIBISCUS: Summerific series Berry Awesome, Cherrly Chocolate, Dark Mystery, French Vanilla, Holy Grail, Mars Madness, Midnight Marvel, Starry Starry Night, Summer Carnival

Hippophae sea buckthorn Lord male; Leikora female
 Kerria (double form)
 Kolkwitzia
 Laburnum (Golden Chain Tree)
 Lilac: Bloomerang Purple (reblooms), Miss Kim dwarf Korean, French Ludwig Spaethe, Mme. Lemoine, Sensation
 Ninebark, Diabolo, Tiny Wine (dwarf)
 Quince: Texas Scarlet
 Redbud: Forest Pansy, Red Falls, Lavender Twist
 Rhodora, wild purple rhodo
 Smoke Bush, (*Cotinus*) Grace
 Mock orange Minnesota Snowflake

Sambucus Lemony Lace
 Tamarix, salt cedar Pink Cascade
 Stephenandra Crispa
 Snowberry, Pinky Promise
 Sweet Fern (*Comptonia*)
 Tulip Tree (*Liriodendron*)
 Weigela Wine and Roses, variegata
 White Fringe Tree (*Chionanthus virginicus*)
 Willow, Nishiki (dappled)
 Winter hazel (*Corylopsis*)

HARDWOOD TREES

What's a garden without a few stately trees? If you're impatient to have big trees in your landscape right away, we do have some larger-sized trees, as well as several fast-growing species. Living on a small property, or worried about power lines? We have large shrubs/small trees for most situations.

American chestnut
 American hazelnut
 American hop hornbeam (*Ostrya*)
 American mountain ash
 Aesculus glabra, Ohio buckeye
 Beech, purple Riversii, Purpurea
 Birch, yellow

Birch, paper
 Betula utilis var. jacquemontii
 Black walnut
 Buckeye, red
 Catalpa
 CERCIS CANADENSIS Forest Pansy, Lavender Twist, Ruby Falls, native species

FLOWERING CRAB: Makamik,
Tina (Standard) Red Jade, Red
Baron, Polgo, Indian Magic,
Royal Beauty
Ginkgo
Golden weeping willow
Kentucky coffee tree *Gymnocladus dioica*
Liquidamber, sweet gum, Slender
Silhouette
Nyssa sylvatica, Tupelo, black
gum
Oxydendrum arboreum, sour-
wood
Japanese silk lilac Ivory Silk
Juglans cinerea, Butternut
Stewartia pseudocamellia
Linden, (*Tilia cordata*) **Very
important pollinator tree
T. americana American basswood
Tilia americana Redmond linden

MAPLES (ACER)

Acer platanoides, Princeton Gold
Acer pseudoplatanus Esk. Sunset
Paperbark Maple
Harlequin Norway Maple
Royal Red Norway Maple
Native Red maple
Native sugar maple

Weeping pea shrub (*Caragana*
Walkers)

FRUIT TREES & SHRUBS

We carry a number of fruit trees
and berry shrubs suited for most
Maritime gardens. Please check
with our knowledgeable staff to
confirm whether you need a second
variety or plant for cross-pollinat-
ing purposes.

APPLE TREES: Ambrosia, Baldwin,
Cortland, Empire, Gala, Golden
Russet, Gravenstein, Honeycrisp,
Ida Red, MacIntosh

Goji berry *Lycium barbarum*

HIGHBUSH BLUEBERRIES: Berkley,
Berlington, Blue Ray, Late Blue,
Nelson, Northland, Patriot, Peru,

Reka

HASKAP BERRIES (blue honeysuck-
le): Indigo Gem, Blue, Tundra,
Borealis
PEAR: Bartlett, Clapp
PEACH: Reliant
Plum: Stanley (self fertile)

VINES

Boston Ivy
Clematis Jackmanii
Clematis Ville de Lyon
Clematis virginiana, Virgin s
Bower (N)
Grapes: Einset (purple, sweet and
seedless), Baco Noir, Marechal
Foch, L acadie Blanc
Hardy Kiwi (male and female)
Hydrangea climbing Virginia
creeper
Wisteria sinensis Blue Moon,
Amethyst falls

PERENNIALS

We choose our perennials to
provide a maximum amount of
bloom time throughout the
season, some for sun, others for
shade, to attract pollinators,
(and hopefully not deer). We have
several collections of particular
species including coneflowers,
daylilies, and hostas.

Actaea, *Atropurpurea*, Brunette,
Hillside Black Beauty
Agastache (hummingbird mint),
Blue Fortune (native)
Allium Millenium
Anemone, fall, Honorine Jobert
Queen Charlotte, Whirlwind
Angelica gigas
Aralia Sun King
Asclepias incarnata
Arum european
Astilbe: White, Peach Blossom,
Fanal and Ostrich Plume
Aster: Jenny, Kristina, Woods Blue,
Woods Purple, Purple Dome
Astrantia Masterwort: Star of Beau-
ty, Star of Billions, Star of Fire

Baptisia Moonlight, Prairie Blues
 Bee Balm, Raspberry Wine, Jacob Cline, Petite Delight
 Bleeding heart King of Hearts, Gold Hearts
 Brunnera, Alexander's Great
 Carex: Blue Zinger, Evergold, Ice Dance, Native Caryx pensylvanica
 Catmint, (Nepeta) Walker's Low
 Coneflower, Echinacea, purple
 ECHINACEA (CONEFLOWERS) Cheyenne Spirit, Green Twister,
 Mellow Yellow, Orange Passion, Tomato Soup, White Swan,
 Hot Papaya
 Echinacea pallida, pale coneflower
 Chameleon plant (Houttuynia)
 Coreopsis Moonbeam, Uptick Red and Yellow
 Crocosmia, Lucifer
 Culver's Root (Veronicastrum) Fascination, Album
 Delphinium Aurora Blue, Deep Purple, White
 Doronicum, Leopard's Bane Leonarda
 Echinops, globe thistle Veitch's Blue
 Foxgloves (Digitalis), various colours
 Gaillardia Arizona Sun, Burgundy, Goblin
 Gallium odoratum, sweet woodruff
 Geranium Grandiflorum, hardy cranesbill
 Geranium Rozanne, Johnson's Blue
 Gentiana Bella Alpina summer gentian
 Hellebore niger; H. Ballard Strain
 Helen's Flower (Helenium) Moerheim Beauty, Ruby Tuesday
 Double Trouble, Sahin's Early
 Heliopsis Loraine Sunshine
 Heuchera: (coral bells) Plum Pudding, Purple Palace

HEMEROCALLIS (DAYLILY) Ruby Stella, Pardon Me, Happy Returns, Catherine Woodbury, Stella d'Oro, various new cultivars

HOSTAS: Patriot, Sir Francis Williams, Sum and Substance,

Guacamole, Elegans (large blue), Dwarf Mouse Ears

Iris versicolour (blue flag) (native)
 Iris pallida Versicolour (bicolour foliage, very fragrant)
 Ironweed, Vernonia (native)
 Joe-Pye plant (Eupatorium) Baby Joe
 Korean yellow waxy-bells (Kirengoshoma)
 Lavender Munstead
 Liatris Kobold, Spicata, Floristan
 Ligularia Midnight Lady, The Rocket Othello
 Lily of the Valley, (Convallaria) double
 Lily of the Valley, pink
 Marsh marigold
 Masterwort, Star of Beauty
 Monkshood, fall Arendsii, Napellus
 Opuntia, prickly pear cactus—various colours
 Peony, Itoh, Bartzella
 Peony tenuifolia Itoba, red fernleaf peony
 Phlox, creeping: atropurpurea, Emerald Blue, Red Wing,
 Snowflake, Purple Beauty
 Pinks, various types
 Phlox, tall David, Blue Paradise, Sherbet
 Poppy, oriental, Harvest Moon
 Pulsatilla: Pasque flower, prairie crocus, red, pink, white
 Queen of the Prairie (Filipendula) Venusta, Red Umbrellas
 Red Hot Poker (Knifophia) Fire Dance, Nancy's Red
 Rodgersia Fireworks, Cherry Blush, Bronze Peacock
 Rudbeckia, Goldstrum
 Russian Sage Little Spire
 Sea Holly, Blue Hobbit
 Sedum Autumn Joy
 Sedum Angelina
 Solomon's seal, (Polygonatum) variegated, giant Stachys
 Hummelo
 Trillium, yellow and white
 Veronica (speedwell) Red Fox, Royal Candles First Love

HELLEBORES

These early bloomers do best in partial shade to full sun in humus rich, moist, but well-draining soil. Because some form their buds in early winter and will bloom in late winter to very early spring, it's a good idea to mulch them after a hard frost, to protect them from freezing and thawing.

Varieties include:

Double Ellen Red, White, Niger, Ballard Strain, Blue Lady, Red Lady

FERNS

Athyrium Lady in Red Japanese painted fern

Athyrium metallicum Japanese painted fern

Athyrium Ghost painted fern

Dryopteris Woodfern (native)

Matteucia Ostrich fern (native)

Onoclea sensibilis Sensitive Fern

Osmunda cinnamomea Cinnamon fern (native)

Polystichum acrostichoides Christmas fern (native)

TREE PEONIES

These beautiful plants produce a show-stopping display of massive flowers every spring, in rich colours. Winter protection is recommended for the first couple of years while the plants are establishing themselves.

Hana Kiso: semidouble, shell pink blooms

High Noon: Yellow, double

Kamata-nishiki: light purple

Kaow: rosy red double, yellow stamens visible

Kinkaku: double yellow with orange-red on edge of petals

Kinshi: enormous double yellow flowers

Kokuryu nishiki: rich red (Black Dragon Brocade)

Renkaku: semi double white

Rimpoh: rich semi double red

Shimodaijin purple-pink

Shima-nishiki red/white variegation

GRASSES

Ornamental grasses may not look like much in the spring, when they are clumps of brownish grey stubble. But by midsummer you'll have fountains of handsome foliage, and some flowers on early-season varieties. Fall and winter is when some varieties, like the miscanthus and panic grasses, come into their own, as they provide terrific winter interest. Try planting grasses out with dwarf and regular sized evergreens for a fantastic display of colour and texture throughout the gardening year.

There are grasses for pretty much every growing condition.

The few spreaders we sell are for groundcovers, bank stabilizing, and other places where strong roots and spreading growth habit is needed.

Ammophila arenaria marram grass
Calamagrostis Overdam feather reed grass
Calamagrostis Karl Foerster
Chasmanthium River Mist
Elymus Wild Rye (N)
Glyceria maxima Variagata Semi aquatic mannagrass
Hakonechloa All Gold
Hakonechloa Aureola
Helictotrichon sempervirens blue sapphire grass
Imperata cylindrica Japanese blood grass Red Baron
Leymus arenarius Blue Lyme Grass
MISCANTHUS Huron Star; Morning Light; Little Zebra; Stric-
 tus Porcupine grass
Miscanthus giganteus; Lottum
Miscanthus purpureus Purple Flame grass
PANICUM VIRGATUM, SWITCHGRASS/PANICGRASS Heavy Metal;
 Dallas Blues; Rotstrahlbusch; Prairie Sky Shenandoah; Thun-
 dercloud
Pennisetum Hameln Dwarf Fountain Little Bunny, Karley
 Rose, Redhead
Schizachyrium Little Bluestem (native)
Spartina pectinata
Fargesia dracocephala Green Panda Bamboo

DEER RESISTANT PLANTS

While many plants may be deer resistant, they are not deer PROOF (unless grown indoors). Some good choices include:

Anemones
 Astilbes
 Baptisia
 Barberry
 Bee balm
 Bleeding heart
 Brown-eyed Susan
 Columbine
 Coreopsis
 Cranesbills (hardy Geranium)
 Culver's Root
 Delphinium
 Ferns
 Foxgloves
 Grasses
 Hellebores
 Hydrangeas
 Iris
 Joe-pye plant
 Northern Bayberry
 Lavender and other herbs
 Lily of the Valley
 Monkshood
 Ornamental grasses
 Peonies and tree peonies

Pinks
 Poppies
 Prairie Crocus
 Queen of the Prairie
 Red hot poker
 Russian Sage
 Sea holly

We also offer

Seaboost fertilizers & Irish moss

Cast Art Cement garden art

Compost & bark mulch

Gift certificates
